

KS2 SATs Results 2017

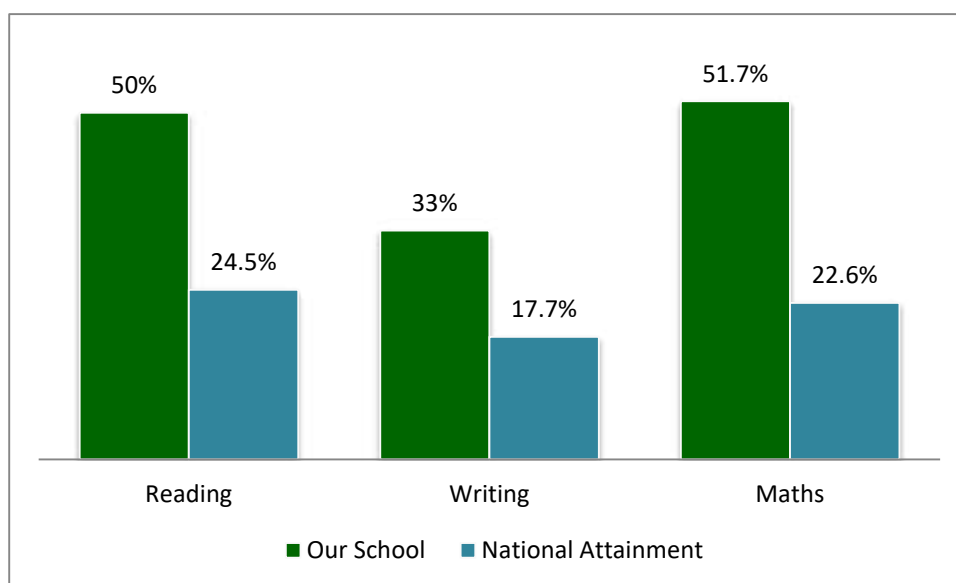

Once again we have seen some fantastic achievements for our Year 6 as they leave us with some amazing KS2 SATs results, far exceeding National and Devon outcomes. We were impressed with how brilliantly the children coped with the week of testing, testament in part to the preparation from their Teachers. The children enjoyed a relaxed breakfast together in the community room before each test and remained upbeat and positive during the entire week.

Thank you to the Year 6 Teachers and TAs who worked extremely hard preparing the children for the tests - and of course to all those who taught the children throughout their time at Withycombe Primary School, as the progress made each year contributed to this success.

Percentage of children reaching the Expected Standard:

Percentage of children reaching High Attainment and Greater Depth:

You can find more information about the SATs tests and what the results mean on our school website: <http://www.wrpschool.org/assets/sats-results-year-6-info-2017.pdf>
